

Laboratorium Technik
Diagnostycznych
Wydziału Psychologii UW

The Bohdan Zawadzki Diagnostic Techniques Laboratory

About Laboratory

It is a part of the Department of Psychological Diagnosis and Psychometrics.

It provides tests, questionnaires and books on the topic of psychometrics, diagnosis and methodology, both in Polish and English.

It is located on the 2nd floor of our building in room 70 (near the computer lab)

Working hours

The Diagnostic Techniques Laboratory (room 70)

| Monday | Tuesday | Wednesday | Thursday | Friday |
|--------|-------------------------------|-----------|----------|--------------|
| | 8:00 - 12:00 15:00 - 18:00 | | | 8:00 - 14:00 |

Rules of accessing tests, materials, and manuals

- Lecturers, professors, and students of the Faculty of Psychology are allowed to borrow tests, materials, and test manuals only if they have an active library (BUW) card. We use the same system as the BUW, which implicates that:
 - You are not allowed to borrow any materials from the Laboratory if your account is blocked at the BUW (overdue books or unpaid fine)
 - You are not allowed to borrow any books from the BUW or the Faculty Library with a **blocked account** at the Laboratory (overdue books or tests at the Laboratory)

Rules of accessing tests, materials, and manuals

- Polish test manuals can be borrowed for a week.
- Techniques used during obligatory courses (Standard Diagnostic Methods, Psychological Assessment), in the semester when classes are taking place, can be borrowed for **2 work days**.

You can borrow techniques in Polish or in English.

English techniques are available to use only in the Laboratory unless they are needed to pass a course.

- You can access **answer keys** to tests only at the Laboratory reading room.

Rules of accessing tests, materials, and manuals

- If tests are not returned within the deadline, your account is blocked.
 - Failing to return test, materials, and/or manuals within the given deadline will result in receiving a warning.
 - Two warnings will result in **receiving a ban/lockout on your account at the Laboratory** for one month – you will be able to use manuals only at the Laboratory reading room.
 - Three warnings will result in **receiving a permanent ban/lockout on your account at the Laboratory.**

**In case of losing or damaging borrowed materials,
you are obliged to pay for replacement**

Materials' protection

- All tests are protected by the intellectual property law
- therefore copying or taking photos of materials or their parts without consent of the copyright holder is against the law. It is also against basic professional and ethical rules.

Where to find a test or a book?

- In the online BUW catalogue:
 - UW libraries catalogue
 - Location: Wydział Psychologii – Laboratorium

Rules of accessing test/answer sheets

- Students are allowed to use test/answer sheets **only** for techniques **required for classes**. Their number is set by the course instructors.
- Students can request to use test/answer sheets which are essential for their **empirical papers**. Test/answer sheets may be given only on the basis of a written request signed by student's tutor. Sheets in Polish are generally available and can be provided in sufficient quantity on the basis of a written request signed by student's tutor (request form is available in LTD).
- The Faculty does not provide students with non-Polish techniques.
- Students who use test/answer sheets for their Master thesis research should order them with their tutor's approval outside of LTD (for example at Psychological Test Laboratory of the Polish Psychological Association <http://www.en.practest.com.pl/>).

Employees of the Diagnostic Techniques Laboratory

- Marcin Zajenkowski, assistant professor, acting director of the Diagnostic Techniques Laboratory
- Agata Dziurska
- Katarzyna Sroślak
- Urszula Ziętalewicz
